- I.D. Blasting Equipment

BELMAC ENGINEERING

Belmac Engineering is an established manufacturer of agricultural machinery. The company was set up in 1987 by Michael Gavin and is a family run business based in Belmont Co Offaly. Our main product line back in 1987 was a range of grass toppers. We steadily grew over the years and built up a solid reputation as a manufacturer of high quality machinery. Our most recent venture is our grassland management system.
