*“Guaranteed A **Lifetime.**”*

Pipefab Are Committed To Providing Professional And Expert Service

## Services & Capabilities

- Pipe Bending
- CNC Tube Bending
- Pipe Threading
- Tube Notching
- End Forming
- Tube Polishing
- Victaulic Grooving
- Tube and Pipe Polishing
- Exhaust Fabrication
- Stainless Steel Tractor Exhaust Replacements
- Stainless Steel Truck Bars
- Pipe Bending For Pharmaceutical, Food And Agricultural Industries

## Rainbow Engineering

Rainbow Engineering Is One Of The Leading Agricultural And Marine Engineering Suppliers To The Irish And UK Markets. We Offer A Wide Range Of Products. Our Client Base Is Varied From Large Industrial Companies To Individuals With Specific Needs. We Manufacture High Quality Equipment And Structural Steel Products For Building Development And Agricultural Consumers.

*“Leading Agricultural And Marine Engineering Supplier”*

*“Rainbow Engineering Services offer a **wide range** of steel manufactured products.”*

We Have Produced Many Pontoon Frames For Marine Developments At Many Locations In Ireland, Uk And Other Parts Of Europe. One Of The Main Projects In 2009 For Which Pontoon Frames Were Manufactured Was The Volvo Ocean Race Stopover In Galway.

## Services & Capabilities

- Rainbow Engineering Is Manufacturing And Selling A Wide Range Of Machinery And Equipment For Agricultural Purposes.
- Rainbow Engineering Can Supply Structural Steel For A Wide Range Of Applications Such As Industrial Units, Retail Units, Farm Buildings, Marine Development And Environmental Applications.
- We Can Manufacture A Variety Of Products In Conjunction With The Customer

# RMIS Engineering

## RMIS Engineering

At RMIS Engineering We Specialise In Mechanical Engineering Contracting And Fabrication Works To Serve A Wide Range Of Industries In Carbon/Mild Steel, Stainless Steel And Aluminium Fabrication, Pipework, Welding And The Provision Of Integrated Engineering Solutions.

*“We Design,  
Manufacture And  
Install, Virtually All  
Types Of Secondary  
Fabrications”*

# “RMIS Engineering: Serving The Engineering Sector.”

We Have A Wealth Of Experience In Providing A Complete Turnkey Solution Which Can Streamline Demanding Engineering Projects For Our Clients, Overseeing Projects From Start To Finish With The Services Of A Dedicated Highly Skilled Workforce.

## Services & Capabilities

piped Services  
heating Ventilation And Air Conditioning  
plant And Machinery Installation & Maintenance  
ventilation And Extraction Systems  
diagnostic Repairs  
compressors  
gas And Heating Systems  
test And Inspection  
project Management  
decommissioning  
transportation  
installation  
project Management  
heating, Ventilating And Air Conditioning  
power And Lighting  
plumbing

## Sequence Control Systems

## Sequence Control Systems

I Have 26 Years Experience In The Design, Programming And Commissioning Of Special Purpose Machine Control Systems. Having Worked On Sites All Across Europe In A Variety Of Sectors Including Medical Device, Automotive And General Manufacturing. I Specialise In Programming Allen Bradley And Omron Plcs And Hmis And Also Have Electrical Circuit Design And Project Management Experience.

## **Services & Capabilities**

Design, Programming And Commissioning Of Special Purpose Machine Control Systems across a range of sectors

## Shamrock Rollers

Shamrock Rollers Are A Second Generation, Family Run, Business Based In The Midlands Of Ireland. Shamrock Rollers Has A Special Understanding Of Industrial Equipment, The Various Machine Components And Their Uses. With A Strict Adherence To Quality We Supply, Manufacture And Fabricate Rollers In Diameters And Lengths To Suit Your Requirements, Crossing A Range Of Sectors, Particularly The Cement And Quarry Industries.

*“Top Class  
Manufacturers Using  
Top Of The Range  
Materials”*

**“24 Years In Business, 252 Industries Served,  
8,317 Happy Customers.”**

Skyclad Manufacture Skybeam, Light Gauge Steel (Lgs) Cold Rolled Galvanised Steel Beams. All Components Are Designed To Eurocode 3 And Are Ce Marked To System 2+ Of I.S En 1090 1 – Execution Of Steel Structures And Aluminium Structures. Skyclad's Light Gauge Steel (Lgs) Frame Structures Can Be Used In A Variety Of Building Applications.

## Services & Capabilities

- Cladding
- Box Profile
- Corrugated
- Tile Effect
- Flashings
- Hoarding
- Roof Lights
- Purlins
- Steel Frame Buildings
- Commercial
- Agricultural
- Modular Safety Rails
- Composites
- Pir Panel
- 40mm Sd Panel

# SMART MARKETING

## Smart Marketing

Like Many Businesses We Started In 2002, We Grew, We Met With The Recession, We Diversified And We Are Now Growing Again. We Now Employ 3 People Directly And Work With A Panel Of 8 Subcontractors Throughout The County. We Pride Ourselves On Being A Small Business That Provides Practical Marketing And Business Solutions For Starts Up's, Micro Enterprise And Small Businesses.
