Allpack offer a range of Sustainable Packaging Brands to suit your requirements.

Tape

PETraTape is from 85% recycled PET content, which is one of the most widely recyclable plastics on the market, and provides a 20% reduction in plastic compared to general plastic tapes.

Tape

Paper tape manufactured from kraft paper, which is biodegradable, compostable, recyclable up to 7 times and 100% recyclable. Boxbond Tapes can be customised with a printed logo or image.

Voidfill

Paper Voidfill manufactured from FSC Certified sources, 100% recyclable and comes with its own dispenser pack, resulting in less packaging waste.

Cartons

A heavy duty box, made from FSC Certified Board, is 100% recyclable and features multi-depth creases to reduce the amount of stock cartons required.

Pallet Wrap

High strength, high clarity pallet wrap manufactured containing 30% recycled content and can be easily recycled via kerbside recycling systems, making it Plastic Tax Compliant product.
